

INFINITY MISSION STATEMENT:

INFINITY Percussion is a Pageantry Arts Concepts performance ensemble and has participated as a member of Winter Guard Internationals World Class since 2007. The ensemble appeared in WGI Independent World Finals for 2008 finishing eleventh nationally and consistently entertains audiences throughout the eastern United States.

Our membership is comprised of high school and college age percussionist from all regions of Florida. Our performers hail from the Panhandle to the southern tip of Miami, and south Georgia, with members from many of the top University Percussion programs throughout this region including FSU/UF/UCF/USF/FAU/Embry Riddle/FIU/UNF.

Along with the WGI activity, the staff and administration work with our members in encouraging participation in Drum Corps International ensembles as well. An INFINITY member will NEVER have to "chose" between WGI & DCI. To that end, INFINITY members have marched/currently participate with: Teal Sound, Boston Crusaders, Blue Devils, Santa Clara Vanguard, Cascades, Carolina Crown, Phantom Regiment, Madison Scouts, Spirit of JSU, Impulse, Kiwanis Cavaliers, Magic of Orlando, and Glassmen.

The INFINITY instructional staff strives to provide well-rounded total percussion education for high school and college age students. Pageantry Arts Concepts ensembles are also excellent training grounds for young performers in that our membership works closely with nationally recognized percussion entertainers. In addition to their activities competitively, many of our members perform around Central Florida, and even Nationally with various convention/sports entertainment production companies including our own "INFINITY Entertainment" for a host of different clients.

In regard to becoming a "member" of INFINITY:

(Please See Our Prosective Member FAQ Sheet In Addition To The Following)

The emphasis for our audition camp weekends is always on expanding the perspective of the participating students (all ages welcome for these four Clinic/Audition Weekends) while "casting" the year's ensemble. However, our focus is not solely emphasizing the audition process , but rather providing all attendees with new information to expand their performance vocabulary.

The "audition" component usually runs throughout late September, all of October (every other Sunday/four audition weekends total) w/membership casting/placement being finalized at the last October camp. The "3 P's" are the key to be considered for the ensemble: Proactive, Prepared, Positive. Our membership strives to have fun through excellence, and great attitudes are what the educational and administrative staff look for in those who hope to participate as members of INFINITY.
